

Public Procedural Directory of CONTTEK GmbH

The protection of personal data is very important to us, so that the corresponding legislation (German Data protection law) is strictly followed. This section describes which data are collected, the way they are processed and to whom they may be made available.

1) Authorized Company: CONTTEK GmbH

2) Owner, managers and other responsible employees for data handling:

Management: Stefan Gimber, Michael Berner

3) Address:

Philipp-Weber-Str. 3, 75177 Pforzheim

4) Purpose of data collection, processing and handling:

CONTTEK is specialized in the fabrication of high quality contact parts as well as in semi- and full automatic componentized construction. The production is subdivided into moulded parts fabrication, pressroom for precision stampings and special machines construction. Data are collected for marketing purposes and for an optimum service to the clientele.

5) We store the data of the following persons:

- Employees, applicants, and trainees
- Clients and interested persons
- Suppliers and cooperation partners

The following data are stored:

- Address and contact data
- Data for personnel management
- Communication data
- Data for transaction and control
- Settlement, contact and service data

6) Recipients of these data:

Data mentioned above are exclusively transmitted to persons of interest like internal departments involved with the particular process (personnel management, accounting, purchase, marketing, sales and production), concerned public services (tax office, National Insurance) or external companies participating at the corresponding procedure.

7) Deletion of data:

As soon as the prescribed period for conservation of data expires, all data will be deleted unless they will be required for contract or service purposes. If noprescription for data conservation exists, they will be deleted at once.

8) Data transmission to third countries: No data will be transmitted to any third country.
